THE CHARLEROI MAIL

VOLUME XXI—NO. 115

CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA, WEDNESDAY, OCTOBER 20, 1920

TWO CENTS

INJUNCTION HOLDING UP SALE OF LILLEY COAL SHARES ANNULLED

Appeal Of Petitioners Is Denied In Decision By The Orphans' Court

EXECUTORS WITHIN RIGHTS

Judge H. B. Hughes of the Washington county orphans' court, in an adjudication handed down Tuesday afternoon annulled the preliminary injunction granted to prevent the sale of 500 shares of the stock of the Lilley Coal and Coke company by the executors of the estate of Thomas W. Lilley, of West Brownsville, and placed the costs of the proceedings upon the petitioners.

A permanent injunction preventing the sale of the shares on the ground that fraud was intended was petitioned for by Charles E. and Walter T. Lilley, nephews of the late Mr. Lilley and Mrs. Jane Elliott, sister of Mr. Lilley.

In their petition they charged that Thomas and Jacob Elliott, the executors of the estate, were disposing of the 500 shares so that they might secure control of the Lilley Coal and Coke company. The sale was to have been public with the shares going to the highest bidder.

The original date set for the sale was May 27, 1920 and two days prior to that time the petitioners commenced proceedings with the result that a preliminary injunction was granted. This injunction was ordered continued until the court could definitely determine the facts and make a final decision.

In answer to the charge that they were attempting by this means to obtain control of the Lilley company, the executors set forth that the sale of the stock was necessary to secure money to meet demands and expenses in connection with the settlement of the estate.

Judge Hughes in his adjudication states that the petitioners were unable to sustain the charge the executors were selling the stock for any other reason than that claimed by them. From the facts available he said it was the only possible source from which the executors could raise the money which would be needed by them.

It was estimated that from \$200,000 to \$300,000 would have to be raised by the executors to meet expenses, sums due and taxes. Finding that no other funds of the estate were available the executors were ordered to proceed in the settlement of the estate and suppose of the shares in the manner they intended if they felt it was necessary.

Shares of the Lilley Coal and Coke company have a par value of \$100, but in the appraisal of the estate their value was fixed at \$400. The adjudication fixed the grand total appraisal of the personal estate of Thomas W. Lilley at \$1,690,306.13. The court also found from testimony introduced that the 500 shares would not give control of the Lilley Coal and Coke company to any person as alleged by the petitioners.

ROAD TO BENTLEYVILLE SHOULD SOON BE OPEN

The contractors on the improved road between Charleroi and Bentleyville should soon have that highway completed. The work has been finished to the bottom of the hill this side of the reservoir of the Acme Coal company at Weaver. The Bentleyville borough line begins at that point, and is the place where the county work will end. The road is being traveled now by making a short detour at Weaver. If the good weather holds the contractors should have the work completed within two or three weeks.

OFFER REWARD FOR RETURN OF TREE

One of the bay trees that has stood as an ornament in front of the First National Bank was taken away by some parties one night last week, and now the officials of the bank ask the parties to return it or take away the other tree.

If the missing tree is returned the bank will reward the one returning with a \$5.00 bank account; otherwise they wish the other to be taken, and have placed it on the sidewalk, on which they have posted a notice making the above offer. It is believed that more than one person was involved in removing the missing tree as with the tub in which it is setting and the soil in which it is growing it will weigh at least 75 pounds. So far the remaining tree has not been taken.

INCINERATING PLANT NEARING COMPLETION

Monessen's new incinerating plant, now in course of construction at the lower end of that town, is rapidly approaching completion. One furnace has already been installed, with the second one almost completed. The stacks, which are to be 90 feet high, are well under way, and it is expected the entire plant will be completed about the first of November.

LOADER PURCHASED BY COUNTY IS SUCCESSFUL

The loader recently purchased by the county commissioners has been put in operation in the "red dog" pile of the Erie Coal company, near the Burgettstown road. The try-out was a complete success, and the county officials who were present were very well satisfied.

Charles E. and Walter T. Lilley and Mrs. Jane Elliott held that their right to be interested in the affair of the big estate was based on the fact that they were legal heirs. This is denied by the executors, as they are not mentioned as such in the last will and testament. The court held that their rights as heirs, if so proven, would not be prejudiced in any way by the sale of the 500 shares.

Maltas Confer Degrees On Large Class Of Candidates

Valley Echo Commandery, No. 379, Knights of Malta, initiated a class of 35 candidates at a meeting held in Malta Temple, Fallowfield avenue, Tuesday evening. It was expected that this class would have been much larger, but quite a number of the candidates could not be present, and will receive the degrees at a later date, when another large class will be initiated.

A large number of visitors were present from Monessen, Monongahela and Brownsville, all interested in the work as exemplified by the local degree team. Grand Commander Penney of McKeesport, who had expected to be present, was prevented

at the last minute from making the trip, being detained on account of business.

Companion William of Monessen was present, and spoke on the endowment fund for the Malta Home at Lewistown, which will more than reach the amount set by the promoters. The Home is now a going institution, and it is the hope of the members of Malta to provide a sufficient endowment to take care of the expenses of the institution.

Arrangements were also made last night for a large delegation from the local Commandery to go to Uniontown on the 11th of November to witness the conferring of the Red Cross and Sepulchre degrees.

TRUCK DRIVERS ARE WARNED BY BURGESS

Twenty-one auto truck coal drivers were before Burgess Woodward last night, charged with overloading their trucks, allowing coal to drop from their trucks on to the streets and running with cut outs open. These drivers were called in by the police at the direction of the Burgess, who desired to give warning that unless existing conditions were remedied within the borough limits in the way of running these coal trucks a fine of \$10 and costs will be imposed. The Burgess also advised that governors be placed on each of these machines, that their speed be limited to about twelve miles an hour. It was pointed out that the borough recently spent about \$4,000 repairing the Maple creek road within the corporate limits, and the local officials do not want it destroyed by running overloaded trucks over it continuously. The police will keep watch on the situation and any driver found disobeying the directions laid down by the Burgess will be arrested and fined.

STATE OFFICERS HUNTING FOR UNLICENSED DOGS

James G. Fox and Charles R. Williams, Department of Agriculture Agents from Harrisburg, arrived in Fayette City on Thursday last for the purpose of making a house-to-house canvass for unlicensed dogs. These two men recently gave Washington and Greene counties a thorough going over. The State Department of Agriculture has ordered prosecutions for all persons owning or harboring dogs without license. The purpose of the two agents is to prosecute all violators of the law, and not to kill dogs, as that is the duty of the local officers.

PRE-WAR PRICES BY SCHROEDER PIANO CO.

It would seem that Pittsburg is destined to lead the Nation in a whole hearted return to the "good old times" when a dollar would purchase a hundred cents worth of value—of Piano value, at least.

In an interview today Mr. George Schroeder, President of the Schroeder Piano Company of Pittsburg, stated that all provisions and adjustments have been completed looking to an immediate reduction in the price of Pianos at that store, to a point approximating those in effect before the great war plunged the world into a cataclysm of confusion, six years ago.

"Lower prices are bound to come," said Mr. Schroeder, "and the sooner they come the better for all. It is neither good business nor good ethics to attempt longer to maintain the fictitious standard of prices. A half-century of slow evolution and adjustment fixed the fact that the price scale in effect just prior to the war was the right and just scale, and any delay in returning to it is simply a delay in the return of normal conditions and safe business."

Admission is cheerfully made that these reductions have not been effected without difficulty and in many cases actual loss, but in the opinion of Mr. Schroeder the end will far more than justify any temporary inconvenience that may be felt.

The reduction in prices is now in effect at our Charleroi Store, 304-306 Fifth street 116t1*

COAL OPERATORS TO DISCUSS LOWERING OF PRESENT PRICES

CARTER HAS BEST OF BOUT WITH PHILLIPS

Steve Carter, Charleroi's great lightweight, easily defeated Tommy Phillips, the pride of McKeesport, before the Majestic Club in McKeesport on Friday evening last. Phillips has a great reputation as a mitt welder, but Carter had the upper hand at all stages of the bout, hitting him with everything but the water bucket, cutting a gash over his eye and had him nearly out when the bell ended the sixth round. The result of this bout is to put Carter among the top notchers in this section of the state.

ADmits VIOLATION OF LIQUOR LAW

Joe Kusman, of Bentleyville, entered a plea of guilty on Monday before Judge James I. Brownson in the Washington county court, to selling liquor without a license. He conducts a small store in Bentleyville, and up until the time he was arrested in August had been selling Jamaica ginger. His counsel asked for a parole, setting forth reasons why he thought it a proper case for parole. Sentence was suspended pending an investigation of the case by the parole officer. The case will be finally disposed of on the first Monday in November.

Counsel for Kusman said the defendant had been persuaded by two wholesalers, who operated rather extensively in the Bentleyville region, that he had a right to sell Jamaica ginger, and induced him to purchase a stock. These wholesalers, the attorney stated, were the Rothrock stores of Tyrone and Finkel Brothers of Washington.

As to the defendant, it was stated he was married, had four or five children and was formerly a miner and a steady workman. He was injured by a cutting machine, had had several operations on the bone in his leg and would have to undergo further treatment, and for that reason was incapacitated from doing hard work. His friends had set him up in this little store. His counsel said the defendant could not possibly pay as big a fine as was generally required in liquor selling cases.

Assistant District Attorney Burchinal said that the Bentleyville community had a very bad reputation in the sale of this ginger, and that it had devolved upon the district attorney's office to clean it up, which the office was trying to do.

FOR SALE.

White truck. Used at Police Patrol, 1919 Model. Cost \$3115, commission off. \$1100 has been paid on same amount of which will be deducted.

Mass Meeting To Be Held In Pittsburgh On Friday To Discuss Situation

MUST MEET DOMESTIC NEEDS

Coal prices are to receive serious consideration, as Pittsburg bituminous operators are anxious to stabilize trade conditions, as the business seems to be in a mixed state, especially as to price. Monday afternoon a meeting of the Pittsburg Coal Producers' Association was held and the subject discussed in a general way. There is a wide variance in prices in this district, with a large margin between what is known as lake coal and the "free" product, or that which is sold on the open market, and which is being purchased for the export trade. There is a scarcity of labor, and the production is represented as not supplying the demand, which in a great measure makes for unequal prices.

The local demand for domestic purposes is not being met, although the fine fall weather is such as to cause people to delay in attempting to secure their usual winter supply. However, with the first touch of cold weather there will be a scurrying for coal, which will not be available unless some arrangements are made now with the operators.

T. W. Guthrie, president of the Hillman Coal company and also president of the Pittsburg Coal Producers' Association, said Tuesday that some action to remedy conditions complained of is badly needed. To find a way out, it has been decided to call a mass meeting of the Pittsburg Coal operators to be held in the Oliver Building in Pittsburg next Friday afternoon. It is expected the attendance will be large, and it is hoped that some definite action will be taken which will have a tendency to give domestic consumers their winter fuel at a fair price. Similar action is to be taken in Cleveland on the 26th of October.

MONESSEN MAY HAVE A HALLOWEEN PARADE

If plans now under way mature, Monessen proposes to have a big fantastic parade on Halloween. The last night of October falling on Sunday, it is likely the celebration will be held on Monday evening. Sentiment in the town is already being sounded, and if sufficient encouragement is given plans will go forward for one of the biggest demonstrations of the kind ever held in that town. It is the purpose of the promoters to hold the demonstration somewhat on the Mardi Gras plan, with plenty of bands and many fantastic features. Visiting delegations will be invited to take part in the parade.

THE CARDS WERE STACKED

"Advance statistics of the 1920 census seem to bear out if they do not conclusively prove the assertion made in 1917 that the South was favored in the administration of the Conscription Law," declares the Republican Publicity Association, through its President, Hon. Jonathan Bourne, Jr., in the following statement:

"It will be remembered that on January 1, 1917, in accordance with a long standing custom, the Census Bureau issued an estimate of the population of the different States making its estimates in accordance with rules which it has long observed. In July, 1917, the same Bureau made an estimate of population for conscription purposes, and this estimate disclosed amazing reductions in population in the Southern States. There were some equally surprising increases in population in Northern States.

"Alabama, for instance, lost 400,000 of its population for conscription purposes while Connecticut gained 460,000.

"Georgia lost approximately 490,000 population for conscription purposes, while Illinois gained more than a million.

"Louisiana lost 160,000 population for conscription purposes while Iowa gained 190,000.

"Kentucky lost 360,000 for conscription purposes while Michigan gained nearly a million.

"Mississippi lost 460,000 for conscription purposes while Massachusetts gained nearly 200,000.

"North Carolina lost 270,000 for conscription purposes while Ohio gained 900,000.

"South Carolina lost 250,000 for conscription purposes while Pennsylvania gained 400,000.

"Virginia lost 250,000 for conscription purposes while New York gained 800,000.

"The strange feature of the whole business is that the recently published statistics of the 1920 census show that in nearly every instance where these Southern States lost population to such an amazing extent for conscription purposes, they have gained it back for the purposes of apportionment of representation in Congress.

"It is difficult to imagine what explanation the Administration can offer for the marvelous decreases in population between January 1, 1917, and July 1, of the same year, in view of the restored population as shown by the census of 1920.

"No one has ever questioned the absolute loyalty of the South in the recent war. No one has questioned the valor or the fighting ability of the men who went overseas from that section of the South. Nevertheless the Administration has made up the record under the conscription law and the census law and that record is open for the inspection and comment of all who can read and compare figures.

"If there was sectionalism in the prosecution of the war the people of the South should not be held responsible for it. If the North feels that it was called upon to bear more than its share of the burden, its resentment should be not against the South but against those officials who are responsible for a decreased estimate of population when the figures were to be used for conscription purposes, only to be followed later by a restoration of former figures for purposes of representation in Congress.

WHOSE LEAGUE IS IT?

While he was out in Colorado, Governor Cox said: "If you ask me whose League it is, I'll give my honest opinion: it is the League of Almighty God."

To one who has observed the genesis of this league, this announcement comes as somewhat of a surprise. Within the ample pages on which the records of the Versailles conference are inscribed there is no mention of any petitions to Almighty God for aid or of thanksgiving for blessings received while the covenant of the league was under consideration. This is accounted for by the fact that

Remember your dead. W. S. Cook and Co. Monuments with Law. Since Five Funeral Director. 20827

there were various religions represented at the conference, and also there were those who denied the very existence of Almighty God.

There were Buddhists, Confucians, Mohammedans, Shintoists and atheists, as well as Christians around the peace table and the Christians deferred to the sentiments of the non-Christians and excluded Almighty God from the peace table, and therefore, from the drafting of the covenant.

But aside from these external evidences that Governor Cox's words did not mean what they say, there are internal evidences.

The fact that the covenant contains Article X with its pledge that America shall mix up in whatever mess the corruption of European politics may develop into a possible war, is not necessarily evidence that the pact is not of Divine origin, though we have never thought of America as having been Divinely destined to subjugation at the hands of Europe. But we cannot pass Article XXXIII so easily.

Whether Almighty God plays favorites among nations regardless of their attitude towards Him, which we do not believe, His character as revealed to us by His prophets and sages does not admit of His approval of "agreements relative to the slave trade in women and children."

We cannot conceive of a God of Love being mixed up with the procreation of the Versailles monstrum. The God of the fatherless and the widows and their protector, we are taught, knows neither race nor color, and is as solicitous about the salvation of the yellow women, and children of China and Japan as He is about that of the white women and children of America and Europe. He has promised to release the oppressed from their bonds and would certainly not be a party to the enslavement of any women or any children in the wide world.

It seems to us that Governor Cox has simply indulged in one of those extravagances to which men of shallow minds and limited knowledge frequently lend themselves. The ex-Rev. George B. Herron, whom President Wilson so highly honored during the peace conference, endeavored to show his appreciation by according the President honors due only to Divinity.

ARE URGING WOMEN TO "VOTE EARLY"

Another appeal for early voting, this one emphasizing the all-important part women will play in the general election, was issued by the commissioners of Fayette county on Monday when they remind the new voters of the general election will afford them their chance to do their utmost in facilitating the work of election officers.

The appeal is just as important to women in Washington county, and it says: "Now is the time for women to do their part. What they are to do in this matter. It is up to them to get back of the early voting delegations, cast early morning votes and by so doing greatly lessen the duties of the election officers."

If women assist in the manner they are expected to there will be a double advantage afforded in the present facilities; if they fail to do this, the count of the vote will entail many difficulties. Women who vote in the early morning should be so without fail for there will be large delegations of men who will be obliged to work during the day and who will vote at the very last minute. It is in an effort to properly care for voters of this class that the appeal for "early voting" is being sent broadcast.

America has almost half as much invested in automobiles as in railroads. According to the Railway Age, there were 7,623,551 motor vehicles registered in this country in 1919, costing not less than seven billion dollars. It is estimated that the public is spending more than six billions of dollars a year, or \$280 per family, for the operation and upkeep of these cars, about 87 per cent of which are passenger cars.

It is stated that paper suits ranging in price from 20 cents to \$2 "are attracting wide interest under the exploitation of the Government." Isn't it rather late in the season for paper as well as Palm Beach suits? There is warmth in paper, however, as any one will find who puts a fold of it across his chest when facing a cold wind.

DO YOU KNOW WHAT IS THE MATTER?

When You Feel Out of Sorts and See Things With a Dull Eye

LOOK TO YOUR BLOOD

Pale Complexions, Languid Feelings, Lowered Vitality, Need More Red Blood. Take Pepto-Mangan

So many people spend week after week feeling down and out. They never stop to think that something really is the matter. They satisfy themselves by saying, "Oh, I'm not sick. I'll be all right tomorrow." And tomorrow comes again and again. Still they feel depressed and languid, scarcely able to get around. If you don't feel like yourself, you are not yourself. If you are weak and pale, your blood needs strengthening. You should know about Pepto-Mangan, that famous blood tonic. Physicians recommend it and prescribe it because it contains just the ingredients needed to make red blood. It renews your energy, puts you where you ought to be. Begin with it today. Get the tablets, they will be more convenient to take than the liquid. Both have the same medicinal properties. But be sure you get the genuine Pepto-Mangan. Ask for "Gude's" and be sure that the full name, "Gude's Pepto-Mangan," is on the package. Advertisement.

FEW OR NO OINTMENTS RIVAL SIMCO SALVE

It's just as natural for Simco SALVE to kill the germ and heal the skin as for a ship to ride the water. It is a powerful antiseptic, yet soothing and cooling ointment; that's why it leaves the skin in a healthy condition. F. J. John is authorized by The Simpson Drug Co. to guarantee successful and entirely satisfactory results to every purchaser or money back. Can there be a fairer offer? SIMCO SALVE is so antiseptic and so healing that it is a mighty good remedy for sores, cuts, burns, bruises and itching piles; it is also a pleasurable modern liniment and is used with speedy results for all liniment needs. BY COMPARISON is the surest way to decide. You have used the old fashioned salves and liniments; now try SIMCO SALVE and see for yourself how much quicker relief comes.

It surely touches the spot. F. J. John sells it at a trifling sum and if used in time, at first sign of distress, the intensity of the disease will be reduced to a harmless mildness. Sold in three sizes, 30c, 60c and \$1.00 per jar. If your druggist does not keep it, send us 25c and the parcel post will bring it to your door by return mail. Wm. M. Simpson Drug Co., Wholesale Druggists, Wilkesburg Station, Pittsburgh Pa.

The claim that nobody in Europe drinks water is rather weakened by the wall of the people of Marigny, Switzerland, that a flood carried off their waterworks and now they have nothing to drink but wine and beer.

HEALTH HINTS

Concerns the Health of the Home Simple and Inexpensive Preparation for Family Health.

To enable the system to throw off the poisons that gather in the intestines, which if left there would soon cause disease and suffering, the blood must be kept pure. Health, strength and vigor can only be retained by cleansing the blood of all impurities and poisons. For constipation, indigestion, dyspepsia, stomach, liver and kidney troubles, Bulgarian Blood Tea has no equal as an economical home preparation. Taken steaming hot at night it will quickly relieve a cold and ward off attacks of influenza, pneumonia and grippe. Bulgarian Blood Tea is sold by all druggists and grocers everywhere.

NEEDS KREW- PINA QUICK

**Says it is fine for Coughs,
Colds, Bronchitis and
Tonsillitis**

A lady from Kansas City, Mo., asks us to send her a jar of Krew-Pina quickly, as she has used it for two years and doesn't want to be without it. This is one of the many letters we receive testifying to the good work Krew-Pina is doing. Wherever it goes, coughs and colds disappear. It heals burns and cuts promptly and is a mighty good thing to have in the medicine chest for emergencies.

Krew-Pina is an ointment made of a combination of several old home remedies. It will not blister or soil the skin. Pleasant to use and very effective for treatment of internal and external inflammation. One application will counteract a splitting headache. Quickly relieves rheumatism and pleurisy. Splendid for piles, eczema and all skin eruptions. Excellent for bronchitis and tonsillitis. Convenient for treating the little hurts and ailments of children and very effective in relieving whooping cough and croup. Krew-Pina affords relief to more than fifty common ailments that beset the average family and should be in every medicine cabinet for cases of emergency.

Free Sample Krew-Pina
WILL BE SENT TO ANY ADDRESS ON REQUEST.

Schroeder Piano Company Announces Price Reductions Approximating Pre-War Standards

Although the war is over, the country is still to a large extent in the grip of war prices. The condition is abnormal and, therefore, undesirable from every standpoint. The Schroeder Piano Company believes that the best interests of the Piano Business, as well as of the Public, will be accomplished by an immediate return, as nearly as possible, to the prices that were standard before the war. Therefore this company leads the way by announcing the adoption of the following reductions on all its stock; even though in many instances this reduction entails a substantial loss!

All Upright and Player Pianos Reduced from 14 to 21 per cent

Exceptional Bargains in Used Instruments, Guaranteed

Many of these instruments are in such excellent condition that they can hardly be distinguished from new, in tone as well as appearance.

USED UPRIGHT PIANOS

Mason & Hamlin, reduced to	\$310
Kurtzmann, reduced to	\$390
Steinway, reduced to	\$340
Chickering, reduced to	\$385
Knabe, reduced to	\$265
Sohmer, reduced to	\$225
Hardman, reduced to	\$175

USED GRAND PIANOS

Chickering, reduced to	\$590
Steinway, reduced to	\$585
Decker & Sons, reduced to	\$310
Brambach, reduced to	\$775
Kimball, reduced to	\$375

USED PLAYER PIANOS

Francis Bacon, reduced to	\$325
Lindeman & Sons, reduced to	\$365
Chas. E. Baker, reduced to	\$415
Pianista, reduced to	\$465
Autopiano, reduced to	\$525
Kurtzmann, reduced to	\$695

TERMS CASH, OR \$8, \$10, \$12, \$15 MONTHLY

What this means may be gathered from the statement that on some of the higher priced instruments this reduction cuts as much as \$300 from present prices. There are no reservations from this cut.

All Grand Pianos Reduced \$115

Every instrument on the floors, Upright, Players and Grands, is tagged with the original price as published in the Pittsburgh papers only a few weeks ago, and also red-tagged with the new price.

Easiest Terms in Charleroi granted to any honest man or woman. Liberty Bonds Accepted.

Kurtzmann, Autopiano, Pianista. McPhail, Hazelton,

A Challenge to All America

The reduction of 21 per cent on this beautifully toned, thoroughly standard, handsomely finished Player Piano means a cash saving of \$115.95 from our late prices.

This is the \$695 model of the Genuine Schroeder Brothers Player Piano—an instrument that never fails to give complete satisfaction and is sold under unconditional guarantee. It is cased in mahogany, walnut or oak; has double repeating action, metal tubing, automatic tracking device, and every other character of highest excellence. Without a question you could come from Chicago or New York, pay all your expenses, and still save money on the price you would pay at home. The new price, cash or \$15.00 monthly,

The Feminine World Loves

A Fur Choker

And why not? It's most becoming and snugly and warm, and gives a suit just that last little "oh, so necessary" touch which is credited to good grooming.

NO "PRIORITY" ROADS IN PENNSYLVANIA

There are no streets nor highways in the State of Pennsylvania on which because of the traffic importance of the thoroughfare the driver of an automobile has the right-of-way.

On every street, alley, State highway, county road, or township thoroughfare, when two vehicles approach an intersection at the same time the vehicle approaching from the right shall have the right-of-way.

There are no "priority" thoroughfares in Pennsylvania. The driver of a vehicle on Broad Street, Philadelphia; Fifth Avenue, Pittsburgh; Market Street, Harrisburg; Main Street, Johnstown; Lackawanna Avenue, Scranton; Fourth Street, Williamsport; or any other important Pennsylvania street—and the driver on the Lincoln Highway, William Penn Highway, or other main thoroughfares, does not have the right-of-way simply because of his presence on an important traffic artery.

At all times, at every intersection of two public highways, the vehicle approaching from the right has the right-of-way.

The State Highway Department has issued a statement calling particular attention to Section 25 of the automobile law approved by Governor Sproul, June 30, 1919. This section contains the following provision:

"Every operator of a motor vehicle shall, at all times, keep as close as possible to the righthand side of the highway, allowing other vehicles free passage to the left, and no operator of a motor vehicle shall allow such vehicle to stand in the center of the highway or so as to obstruct or interfere with any other users thereof."

"At the intersection of public highways, the operator of a motor vehicle shall keep to the right of the intersection of the centers of such highways when turning to the right and shall pass to the right of such intersection before turning to the left."

"When two vehicles approach the intersection of two public highways at the same time, the vehicle approaching from the right shall have the right-of-way."

BROTHERHOOD HOLDS SPLENDID MEETING

The Lutheran Brotherhood of Christ Lutheran Church met with H. A. Heupel, 403 Lincoln avenue, last evening. Good attendance and fine spirit was shown. The men are doing things consequently their meetings are not dry. They have business of a worth-while character for consideration at each meeting. The topic assigned "The inside View" was ably presented and discussed. Refreshments were provided by the host and hostess and delightfully served.

The announcement that there are now more city people in the United States than country people is somewhat modified by the explanation that every town of 2500 is put down as a city.

Accounting for it.
"I'm worn out. They had me putting up pup tents the best part of the day."
"I suppose that is why you feel so dog tired."

Heard in a Restaurant.
First Girl—Don't you ever eat your corn off the cob, Mayme?
Second Girl—Not this summer. It batters up one's ear puffs so.

NOTE—So great has been the demand for seats that but few remain. We advise you to call in person today.

MAKING GOOD PROGRESS ON REPAIRS TO BRIDGE

Repairs to the big concrete bridge on Reed avenue in Monessen are being pushed quite rapidly this fine weather, and indications are that the work will be finished within the time fixed by the contract. The structure

has been closed for several weeks, undergoing repairs, but the weather permitted the contractor to make such fine progress that it is expected to have the work completed before the cold weather sets in.
